Dashboard

Serving, empowering, and supporting Missourians to live their best lives.

Missouri Department of Mental Health

Fiscal Year 26 Placemat

Capacity and Infrastructure

- Complete Planning and Design Phase for new behavioral health hospital in Kansas City; Begin Pre-construction Phase.
- Implement strategies to improve the effectiveness of the pre-trial competency-related referral processes.
- Increase number of individuals successfully restored to competency.
- Establish billable service for individuals served in DBH-DD partnership reconceptualization beds

Children's Services and Supports

- Expand local Systems of Care across the remaining 70 counties
- Develop formal transition plan with Department of Social Services for children aging out of Children's Division.
- Develop internal processes to triage and case manage high needs individuals.

Quality Outcomes

- Complete phase 2 of Electronic Long-Term Services and Supports (eLTSS) project
- Develop and implement department wide strategy to improve safety and foster safe environments for staff and clients.
- Redesign Department Dashboard and process to review information.
- Electronic Health Record (EHR) Go Live.
- Prepare DMH systems for the Missouri Vital Enterprise Resource System (MOVERS) implementation.

Well-being and Self-Sufficiency

- Develop a preventative and treatment strategy for behavioral addictions including gaming and gambling.
- Revise and optimize the substance use disorder treatment model to align with practices consistent with the most recent national guidelines.
- Mature Value Based Payment for Employment Service to incentivize outcomes.

Workforce

- Optimize and standardize payroll practices.
- Design, develop, and launch new supervisor training program.
- Expand direct support professional (DSP) apprenticeship program to all DD state operated facilities.
- Finalize development and launch of mental health and intellectual and developmental disabilities care track for high schoolers.

Back-to-School Data from the NCI-IDD Child Family Survey

Back-to-school can be an exciting time for kids, especially for those going school for the first time or preparing to transition out of school! The **NCI-IDD Child Family Survey (CFS)** collects education and socialization data from families of children receiving services. This data may provide insight on the experiences and needs of school-age children with IDD and their families.

The CFS is mailed to completed by families of children (< age 18) who receive at least one Division service (in addition to support coordination) and live in the family home. The below data is from the 2023-2024 CFS. During this cycle, 10,050 families nationwide participated in the survey. 174 of those families were from Missouri.

Average Age of Child

MO N: 174, NCI N: 10,031

Child has a Transition Plan from School

MO N: 150, NCI N: 7,978

Early Intervention Services

11% of families nationwide and 5% of families in MO receive early intervention services.

Child Spends Time with Children who do not have Developmental Disabilities

MO N: 172, NCI N: 9,605

Transition from School

55% of families nationwide and 58% of families in MO identified transition from school as an area they will need help planning for in the future.

Status Reports for Mental Health Services

Status Report Type

All

Status reports are required at admission, annual anniversary of that admission, and discharge for all clients who are enrolled in CPR, ACT, or TCM programs. Clients enrolled in other CPS programs will require a status report only if they have two services at least 30 days apart. The status reports collect a client's residential and employment status, education level, and legal involvement.

DBH Inpatient Facility Current Vacancy Rates

Inpatient facilities often cover shifts using voluntary second appointments, part-time appointments, voluntary overtime, mandated overtime, and by using staff from contracted staffing agencies. In some cases, vacancy rates reduce the number of beds available for use at facilities.

Security Support Care Assistants are utilized at Fulton State Hospital within the high security units and the sex offender rehabilitation and treatment units at both Fulton State Hospital and Southeast Missouri Mental Health Center.
